# KINDERGARTEN CURRICULUM

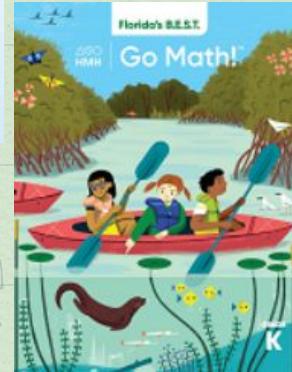

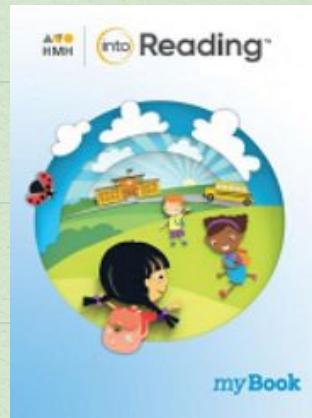

## Social Studies

The **Studies Weekly** curriculum focuses on building critical thinking through exploring essential questions aligned with Next Generation Sunshine State Standards (NGSSS) for Social Studies. It is designed to engage students through interactive, multimedia learning and connects learning across subjects by supporting Florida's B.E.S.T. Standards.

## Reading and Math

**HMH Into Reading** and **HMH Go Math** are our reading and math curriculums. These curriculums include many interactive resources and the lessons are aligned to the Florida B.E.S.T. Standards. The textbooks can be accessed online.

## Science Science Weekly

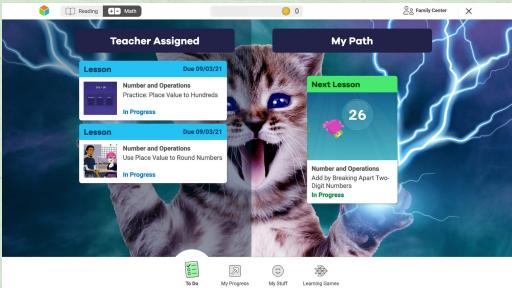

A Kindergarten COMPREHENSIVE Science curriculum based on the 5E Model and aligned with NGSS and state frameworks, with text-driven lessons.

# KINDERGARTEN LEARNING PORTALS

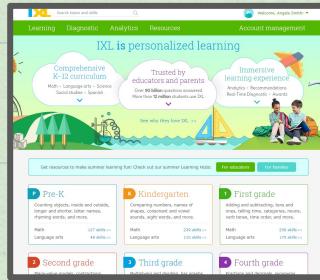

## iReady

**iReady** is used for ELA and Math. Student diagnostic data is used to guide instruction. Students should participate in lessons for 45 minutes per subject each week.

## IXL

**IXL** is a standards based platform where students work on teacher assigned ELA or Math homework and classwork. Students can also work on recommended lessons based on the IXL diagnostic.

## UFLI Foundations

**UFLI** is an explicit and systematic program that teaches students foundational skills in phonics that leads to proficient reading.

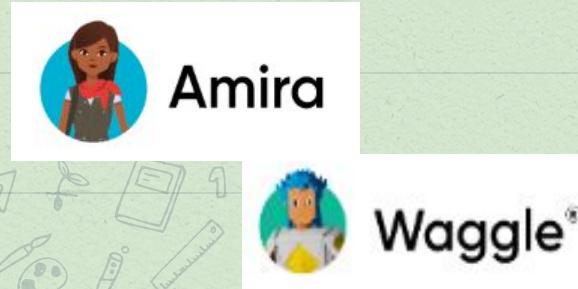

## Progress Learning

**Progress Learning** is used to support ELA, Math, and Science through standards mastery and engaging activities.

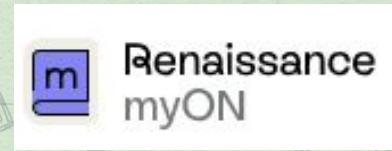

## Amira and Waggle (HMH)

Within the HMH platform, we use **Amira** for fluency practice and **Waggle** for extra ELA and Math support.

## myON®

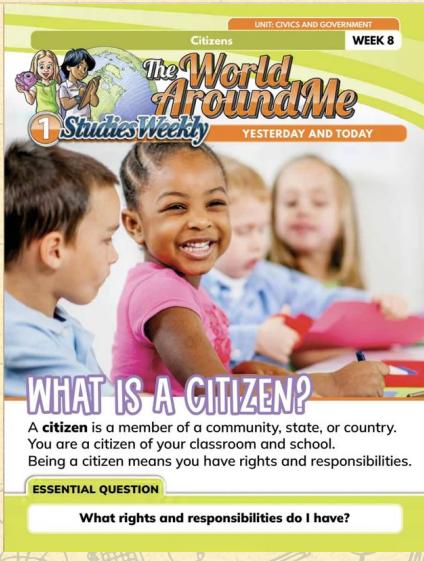

**myON** is a personalized digital library that uses grade, reading level and individualized interest information provided by the student.

# 1ST GRADE CURRICULUM

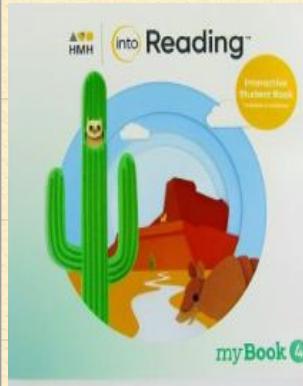

## Social Studies

The **Studies Weekly** curriculum focuses on building critical thinking through exploring essential questions aligned with Next Generation Sunshine State Standards (NGSSS) for Social Studies. It is designed to engage students through interactive, multimedia learning and connects learning across subjects by supporting Florida's B.E.S.T. Standards.

## Reading and Math

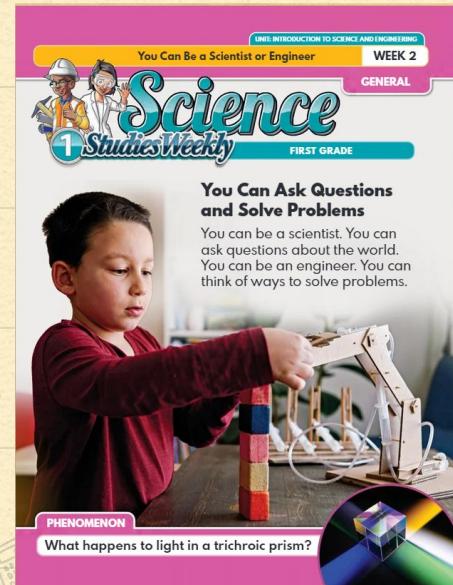

**HMH Into Reading** and **HMH Go Math** are our reading and math curriculums. These curriculums include many interactive resources and the lessons are aligned to the Florida B.E.S.T. Standards. The textbooks can be accessed online.

## Science

### Science Weekly

A First Grade **COMPREHENSIVE** Science curriculum based on the 5E Model and aligned with NGSS and state frameworks, with text-driven lessons.

# 1ST GRADE LEARNING PORTALS

## Accelerated Reader

**Accelerated Reader** is a program where students can read books at take quizzes to earn points. Teachers set goals based on student grade levels and their individual abilities.

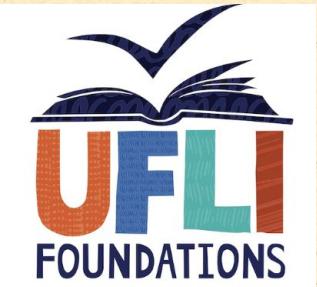

## iReady

**iReady** is used for ELA and Math. Student diagnostic data is used to guide instruction. Students should participate in lessons for 45 minutes per subject each week.

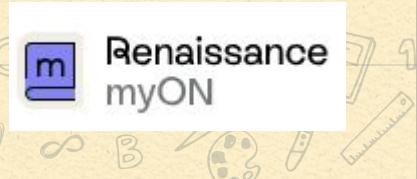

## UFLI Foundations

**UFLI** is an explicit and systematic program that teaches students foundational skills in phonics that leads to proficient reading.

## myON

**myON** is a personalized digital library that uses grade, reading level and individualized interest information provided by the student.

## IXL

# MIDDLE SCHOOL ELA/READING CURRICULUM

## ELA

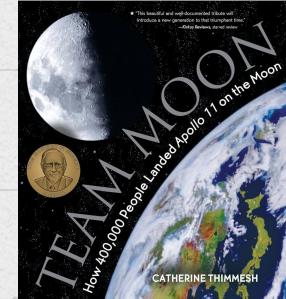

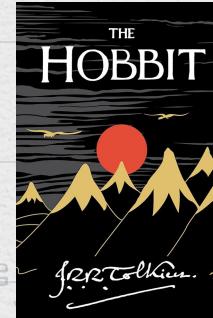

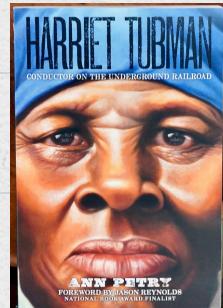

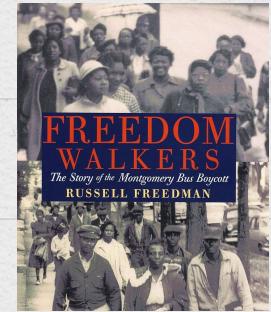

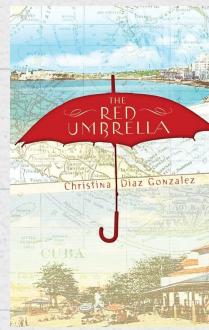

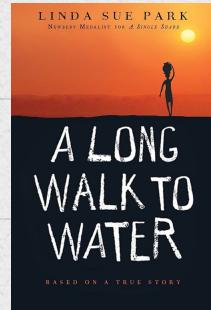

**HMH Into Lit** is used in the ELA 6th - 8th classrooms. This curriculum includes many interactive resources and the lessons are aligned to the Florida B.E.S.T. Standards. The textbooks can be accessed online.

**Top Score Writing** is a research based curriculum proven to increase writing scores. It is a fun, engaging and easy to understand curriculum. Each lesson includes modeling, guided and independent practice.

## Reading

Middle school reading classrooms primarily use novels to teach reading skills. Novels are chosen from the Florida B.E.S.T Standards list and the HMH Curriculum.

# MIDDLE SCHOOL ELA/READING LEARNING PORTALS

## Achieve 3000

**Achieve 3000** is used for individualized reading and comprehension practice based on student lexile levels and needs.

The screenshot shows a reading comprehension exercise. The article title is 'Should These Players Be Paid?' and it discusses the debate over whether college athletes should be compensated. The exercise includes a vocabulary section with words like 'allege', 'allocate', 'gratia', and 'remuneration', each with a definition and a matching exercise. The user is currently on the 'Vocabulary' tab.

The screenshot shows a reading comprehension exercise. The article title is 'Should These Players Be Paid?' and it discusses the debate over whether college athletes should be compensated. The exercise includes a vocabulary section with words like 'allege', 'allocate', 'gratia', and 'remuneration', each with a definition and a matching exercise. The user is currently on the 'Vocabulary' tab.

## iReady

**i-Ready** is a program to help students work on classwide assignments, individualized assignments & take benchmark assessments to monitor their growth in ELA skills. Student diagnostic data is used to guide instruction to fit individualized needs.

The screenshot shows the i-Ready platform interface. It features a large image of a cat with its mouth open. Below the image, there are several cards representing different lessons. One card is highlighted in green and shows the text 'Next Lesson: 26'. The other cards show 'Lesson: 1' and 'Lesson: 2'. The platform has a dark theme with blue and white text.

## IXL

**IXL** is a standards based platform where students work on teacher assigned homework and classwork. Students can also work on recommended lessons based on the IXL diagnostic. Through IXL, students also have access to **Vocabulary.com**. This extension reinforces vocabulary from the classroom, helps students learn new words and encourages exploration of language.

The screenshot shows the IXL platform. It features a colorful dashboard with various icons representing different subjects and features. The text 'IXL is personalized learning' is prominently displayed. Below the dashboard, there are sections for 'Comprehensive K-12 curriculum', 'Trusted by educators and parents', and 'Immersive learning experience'. The overall theme is bright and educational.

## Progress Learning

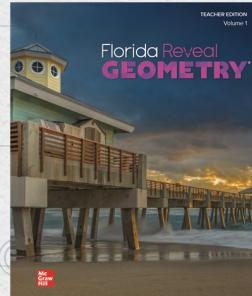

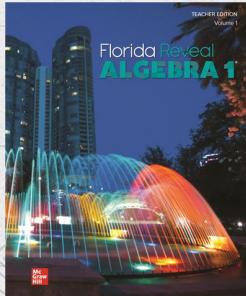

**Progress Learning** is used to support ELA through standards mastery and engaging activities.

The Progress Learning logo is shown, featuring the text 'Progress Learning' in a stylized, colorful font. The background is white with various school-related icons like a lightbulb, a book, a globe, and a graduation cap scattered around the logo.

# MIDDLE SCHOOL MATH CURRICULUM AND LEARNING PORTALS

## Math Curriculums

**6th Math, 7th Math, and Pre-Algebra** courses use HMH Into Math.  
**Algebra and Geometry** courses use the McGraw Hill Reveal curriculum. These curriculums include many interactive resources and the lessons are aligned to the Florida B.E.S.T. Standards. The textbooks can be accessed online.
